OVERVIEW

National Dispatching is a certified Women-owned business (WBE) that provides professional procurement services geared toward the construction industry. We are more than a full-service equipment rental group—we provide many other products, services, and solutions that our clients require to get their job done.

We serve contractors both large and small in a broad range of marketplaces, including the fast-paced utility and communication construction sector. We can fulfill all your requirements with just one call!

Our parent company was founded in 1988 by contractors with decades of experience in the construction field. What started as a small business eventually grew into a national network capable of fulfilling almost all of your project's needs. Performance, Humility and Dedication are our core values, and we aim to deliver the highest quality service at the most competitive price!

We'll get what you need so you can finish the job on time. Besides being your full-service rental equipment provider, we also offer a wide selection of construction and building materials.

No matter your needs, our fundamentals remain the same—to improve the safety, quality, and profitability of our clients and to create a more efficient and thriving environment on their projects.

**VISION**

Our vision is to become the most trusted source for procurement in the United States by catering to the individual needs of the client. Success to us means that our clients are fully equipped to complete their job on time; no matter the size, scope and requirements of the project.

MISSION

We are committed to helping contractors and businesses across the country work safely and efficiently through the use of our high quality rental, material, and service provider networks. Our mission is to offer simple and accessible solutions that make for a safe and productive job site.

OUR VALUES

PERFORMANCE

We are committed to delivering the best rental equipment, products and services at the right time and as requested the first time. We know that high quality equipment and tools make the difference in the efficiency and quality of a project, and we believe in doing everything we can to help our clients' businesses perform at the highest level. We are obsessed with performance and innovation, and we value our performance-driven culture where we work as a team to reach new milestones.

HUMILITY

We promote a learning culture at National Dispatching—we listen, study, and are empathetic with our customers and the communities we operate in. We have a dependable voice and are equipped to manage high pressure situations. Because we believe that every customer must be treated with dignity and respect, we are dedicated to maintaining a culture of trust and honesty by creating a supportive and empowering work environment.

DEDICATION

Our greatest strength is our dedication to improvement even after decades in the industry. Through a daily commitment to being a little better every day, we bring out the best for our customers. We grow as a team so we can meet new challenges with creativity and cheerfulness, pushing ourselves beyond our limits to serve you and your needs.

PURPOSE STATEMENT

We strive to provide the best in rental equipment, products and services. At the same time, we recognize our responsibility to create a safe environment for those utilizing our service. We comply with rules and regulations in the best interests of our customers and vendors, and we believe in faithful partnerships with reliable vendors, material specialists, skilled service engineers, and master practitioners and craftsmen.
